

September 8, 2023

Hi Everyone,

"It is not those who are healthy who need a physician, but those who sick; I did not come to call the righteous, but sinners." Mark 2:17 NASB

Grace without Borders Ministries continues to go into prisons, detention centers, County Jails, and Nursing homes to present the Gospel to a lost and dying World in 5 States and soon to be in 6 States. God is working through our many volunteers along with Jeanne and me to help sinners receive Jesus and get on the right path. We have seen some of the hardest hearts be changed by the power of the Holy Spirit. Men and women who were once sick are now becoming healthy. **All because of Jesus.**

Please continue to pray that God will continue to **"open doors"** of opportunity for us to share the Gospel of Jesus Christ. As this World sinks deeper into sin, there is still time for people to be saved and for God to use them to help their families, friends, and enemies.

Thank all of you for your prayers and financial support! We have prayed with **168 people** this year to receive Jesus.
